 /anasraza07

Self-taught Frontend Developer with hands-on experience building responsive web apps using **HTML**, **CSS**, and **JavaScript**. Familiar with **ReactJS**, version control, and API integration. Passionate about clean code and user experience. Currently expanding knowledge of **Modern JavaScript frameworks** and excited to contribute to impactful projects. I enjoy **reading** on personal growth, staying fit through **weightlifting**, and continuously **learning** new skills.

SKILLS

- ❖ **Technical:** HTML, CSS, JavaScript ES6+, ReactJS, Responsive Design
- ❖ **API Integration**
- ❖ **Git/Github**
- ❖ **Soft Skills:** Problem-Solving, Quick Learner

PROJECTS

- ❖ **Dynamic Food Ordering Web App** • <https://food-app> • Apr 2025
Built a dynamic and responsive food ordering web app in **React.js** with restaurant listings, menu browsing, cart management, and real-time navigation. Enhanced project with modular CSS for styling and **React Router** for smooth page transitions.
- ❖ **Smart Budget Expense Tracker** • <https://budget-app> • Aug 2024
Developed a responsive web app using **HTML**, **CSS**, and **JavaScript**, featuring custom validity checks, dynamic category generation, and localStorage integration for persistent user data with edit/delete functionality. Improved event listener management skills..

EDUCATION

- ❖ XII Gulshan Branch | **Govt. Degree Science And Commerce College** 80% | (2022)
- ❖ X (Matric) | **Karachi Public School** Grade: A | (2020)

CERTIFICATES
